SUMMARY

A versatile professional with working background in seafaring and IT. Previously worked as an IT staff for a Quadruple A construction company in the Philippines, where my responsibilities included ensuring accurate weekly payments for workers by efficiently extracting, analyzing, and encoding biometric attendance data.

A recent coding bootcamp graduate with experience in HTML, CSS, JavaScript, React, Node, Express, MongoDB, and Git. I am actively seeking a software developer role to expand my knowledge and skills while making meaningful contributions to a company.

EMPLOYMENT HISTORY

2022-2023   IT Staff/Payroll Clerk   TERP Asia Construction Corporation
- Ensured accurate weekly payments for workers by efficiently extracting, analyzing, and encoding biometric attendance data.
- Played a pivotal role in the implementation of a third-party automated payroll system and HRIS.

2019-2020   Deck Cadet   Starlite Ferries Inc.
- Stand watch to monitor the ship's course and speed and to watch for other vessels and obstacles at sea.
- Perform routine ship maintenance that includes painting, chipping, etc. to maintain ship's seaworthiness.
- Assist with the loading and unloading of cargo, including securing and lashing it for safe transport
- Participate in scheduled drills, training programs, and additional learning opportunities to gain maritime experience and knowledge.

2018   Customer Support   TaskUs
- Identify and resolve customer issues and complaints in a professional manner.
- Handled customer inquiries via phone and e-mail.
